LOCAL BRIEFS.—

(3) Century whisky, the *creme de la Creme* of all whiskies!

Hon. W. A. Smith and Levi Scott, Esq, were in the city yesterday.

Up to 6 P. M., yesterday, no cases had come before his Honor, the Mayor.

Wilmington has had lettuce, and we may soon expect it. Let(us)uce have it.

The colored people enjoyed a Fair and Festival at Metropolitan Hall last evening.

Col. A. S. Buford, President of the Richmond & Danville railroad, was in the city yesterday.

Senator Troy, from Cumberland, is detained from his seat in consequence of sickness.

Gov. Caldwell is still confined to his room and receives daily visits from his physician.

A bill has passed the House of Representatives to levy a special tax in Cary township, this county.

The town clock has been on sort of a spree for the past few days, and not been in the habit of telling the truth.

Our Local Chief has been absent for a couple of days in attendance upon Alamance Court. He will be at his post to-day.

What has become of the design to build a new Methodist Church? We have heard nothing of it for one or two months.

Judge Battle will get out his new compilation of the laws, or "Battle's Revise," as soon as possible after the Legislature adjourns.

Our young friend John Bragg, of the Western Union Telegraph office in this city, received 1548 words last night in 45 minutes. Pretty fast work, this.

The shrill whistling and loud bawlings of the little street ragamuffins is an annoyance and nuisance to citizens which should be suppressed by the police.

New lot of French calf skins, kid-top gaiter uppers, etc., etc., at L. D. & W. R. Wombles, Fayetteville street, opposite the market. Call and see them.

A colored man had one of his legs cut off on Monday at Apex, this county, by the freight train on the Chatham railroad. We have not learned the particulars.

A young colored boy, name unknown, was thrown from a mule yesterday afternoon, just beyond the western limit of this city, and his right arm broken in two places.

Many of the members of the Legislature are becoming impatient to get home. The Assembly will most probably adjourn between the third and the 10th of March.

We learn that Rose and Harry Watkins will visit us about the middle of next week, and that the Berger Swiss Bell Ringers will put in an appearance some time during next month.

The balmy atmosphere yesterday afternoon caused our streets to be enlivened with throngs of fair ones. Their rosy cheeks and bright eyes more than rivaled the brilliancy of the soft sunlight.

A bill has been introduced in the House to incorporate the Raleigh Water Works Company. We never heard that any such Company was proposed to be organized until the bill was introduced. We should like to know something of it.

We regret very much to learn that the condition of Col. Wm. Bingham, now in Florida, has grown worse, and that his friends have no hope of his recovery. In his death this State will lose one of her most useful and talented citizens.

The attention of our male readers is called to the advertisement of R. B. Andrews & Co., clothiers, 27 Fayetteville street. They advertise in to-day's issue that they are in receipt of the latest styles of spring goods, which they will sell at the lowest market price.

Lieutenant Governor Brogden has never been married. The Senate intends offering a resolution of sympathy for him before its adjournment, or appointing a special Committee to assist him in shuffling off his singlec ussedness. A resolution has already been introduced looking to this end.

We had the pleasure of seeing in town yesterday morning our esteemed friend, Col. William A. Johnston, of Littleton, en route to a more western point. The Colonel is one of the most gallant and popular men in his section, and we must express our surprise at seeing him still traveling *alone*.

THIRTY-EIGHTH ANNIVERSARY OF THE LITERARY SOCIETIES OF WAKE FOREST COLLEGE.—We regret that the pressure upon our columns of the legislative proceedings has forced us to condense the interesting communication of our correspondent "P."

At two o'clock, Friday afternoon, a large concourse of people assembled in the chapel at Wake Forest to listen at a debate between the representatives of the Euzelian and Philomathesian Societies. W. O. McDowell presides with grace and dignity; L. W. Bagley, Secretary. "In the career of Napoleon Bonaparte is there more to admire than to condemn?" H. R. Scott, of Rockingham, opened in the affirmative, in an effort that reflected great credit upon himself and upon the Society. D. A. Covington, of Monroe, followed in an able argument, in which the consequences of Napoleon's misguided ambition, the divorce of Josephine, etc., were effectively portrayed. N. C. Dixion, of Shelby, for the affirmative, and B. Williams, of New Hanover, for the negative, in turn enchained the attention of the audience, and fell in no wise behind the first speakers. Each, in the order in which they first spoke, rejoins briefly, spicily and happily. The vote upon the merits of the debate was close, but was carried in favor of the affirmative by a majority of two.

Despite the inclement weather, the crowd reassembled at night, when A. R. Jones, of Raleigh, was introduced by J. T. Bland, of New Hanover. His subject: "Great Eras Produce Great Men; Great Men do not Produce Great Eras," was handled with no small ability, although, as the speaker said, he only struck the key-note. The speaker's historical research was well displayed, and his modest demeanor excited many econiums.

G. W. Purefoy, of Chapel Hill, introduced for the Euzelian Society, J. J. Vann, of Hertford, whose subject was, "There is a Prize in the Distance." After a touching allusion to the mourning banner of his Society, he urged the necessity of valiant labor in the chosen sphere of every man. If the speaker carries out his own advice, a great prize awaits him.

After the speaking the audience repaired to the Literary Hall, where the speakers received flattering praises from such sweet lips, that this account indeed, is tame in comparison. It was in truth an enjoyable occasion.

ITEMS FROM OXFORD.—Our Oxford correspondent under yesterday's date says: The Rev. A. D. Cohen has opened the Asylum for the reception of Orphan children, as contemplated in the donation of St. John's College by the Masons of the State at the recent session of the Grand Lodge.

The regular meeting of the People's Building and Loan Association will take place as usual on next Friday night at the law office of John W. Hays, Esq., it being the third Friday night in the month. A larger quantity of money than usual will be offered and it is anticipated that the bidding will be spirited. Captain C. Betts is the auctioneer.

The Rev. Mr. Primrose held divine services in the Presbyterian church here on Sunday, in the morning and at night, and also on Monday night. The inclemency of the weather and excessively muddy character of the streets prevented many persons from attending who would have been pleased to have heard him. His discourses made a favorable impression on all whom we heard speak of them.

The tobacco ware-houses here are doing an unexpectedly large business. An association of gentlemen, principally composed of merchants, has been formed for the purpose of buying tobacco, and we suppose this movement will give fresh impetus to the market. It is rumored that Mr. Richard W. Harriss will manage the finances of the Association, and that Mr. W. K. Jenkins will do the prizing for it. It is also rumored that a new firm, composed of D. S. Osborn, Esq., Thomas Crews, Esq., and C. F. Kingsbury, Esq., will soon be organized for putting up manufactured tobacco.

LEGISLATIVE INCIDENTS.—The Senate yesterday was occupied for some time in the consideration of the liquor bill, which at first was intended to prevent its sale within 2 miles of Courthouses during the holding of a Court. This feature was stricken out, and the bill as passed restricts the sale of liquor, or its being given, to minors, where any consideration is to be obtained, by any retailer or dealer. During the discussion of the measure, Senator Allen, from Duplin, explained his position in substance as follows:

He desired to say that he was not satisfied that the people of North Carolina were prepared for arbitrary legislation upon the subject of the liquor traffic. He considered the traffic a public nuisance, and whenever he was satisfied that the people were prepared for its suppression, he would cordially co-operate with them. Until he was satisfied that such suppression was demanded by the people he should oppose general arbitrary legislation on the subject as not calculated to effect the purpose. For the present he was in favor of such legislation as was necessary to protect churches and schools, and such localities as asked for the prohibition in the particular locality after submitting the question to a vote of the the people of the district to be effected.

FOR SALE.—Mr. W. C. Parker advertises elsewhere that he will sell at public auction, on the first of March, his dwelling house and lot, located on the corner of Blount and Davie streets. The house contains seven rooms, and has every convenience.

THE VEU DE L'EAU.—The great concert will take place in Norfolk tomorrow. The Agent in this city will sell tickets until 3 o'clock this afternoon. He has a number on hand yet. Call and get one and draw the $5,000.

Local-atorial Correspondence.

GRAHAM, N. C., Feb. 18, 1873.

The spring term of Alamance Court commenced to-day.

His Honor A. W. Tourgee, Judge, presiding.

For the first time since the flood, we looked upon a white jury, and for the first time in our life, we heard and witnessed the affirmation given to one of that peculiar sect of christians known as Friends, who was a member of the Grand Jury. It is well known that our code of laws provides for the practices and customs of these christians, who never go with their heads uncovered, and never swear on the Holy Bible. Hence this man was sworn by affirmation and allowed to sit in the Court room with his hat on.

The charge of Judge Tourgee was brief but to the point, saying all that was necessary to be said, and concluding his remarks in less than 25 minutes, which we regard as a decided improvement on our Eastern custom.

The State docket was taken up by Solicitor Bulla, and several cases disposed of.

We noticed in attendence upon the Court the following members of the Bar:

J T Crocker, Captain J A Graham, J E Boyd, Captain E S Parker, Captain G F Boson, J. A. Long, L M Scott, Col. J T Scales, J K Bulla, Col. J H Dillard and Col. J A Gilmer.

Alamance being a good old Conservative county, the Court docket is small, only forty-seven cases on the State, (principally for minor offences,) and fifty five on the civil. It is reasonably presumed that all of the business in the Court can be disposed of in four days at the farthest.

From what we have seen of Judge Tourgee, we are led to believe that he has a happy faculty of expediting business, and as a disciplinarian, he reminds us more of the Caldwell of old, than any of the new fangled Judges we have seen since the "new order of things commenced." To-day, while he was delivering his charge, two of the barristers essayed to hold converse in a tone loud enough to be heard by both the Judge and Jury, when the Judge ordered the Sheriff to say to the offenders against the quiet of the Court room, that if it was not convenient for them to suspend their remarks, he would wait on them. Order was restored.

The crowd in attendance upon the Court is small, owing to the swollen streams. Haw River, Alamance and Reedy Fork Creeks are far out beyond their usual confines, and the people can't get to town.

We are not well enough acquainted yet to give any local items from the village, though we witnessed a scene this evening that we will write on after we leave the county.

We have seen all the lights and scenes that make Graham famous, viz: the tree upon which Outlaw was hung, corn whiskey and red mud, &c. Of these we will write more of, when we return.

A SERIOUS AND PROBABLE FATAL ACCIDENT.—On Monday evening a young servant girl employed at the residence of Mrs. L. O'B. Branch, on Hillsboro street, in this city, was seriously if not fatally burned. It seems that the unfortunate girl had gone to sleep before a fire in one of the upper rooms, by some means her clothing ignited and she awoke from sleep to find herself enveloped in flames. Losing all presence of mind, she ran screaming down the stairway without making an effort to extinguish the fire. A gentleman, who happened to be visiting the house, went promptly to her assistance and succeeded in throwing her to the floor and extinguishing the flames, burning his hands painfully. In the meantime it was discovered that the room which the girl had left was on fire, and had not timely aid arrived the building would have been destroyed, but fortunately the fire was suppressed before any material damage was done. We learn that the girl is in a critical condition.

SUPREME COURT.—The Court assembled at the usual hour on yesterday. All the Judges were present:

The following cases were argued:

W T Blackwell vs Matilda Cummings *et al.*, Lenoir. Phillips & Merrimon for plaintiff, and Smith & Strong for defendants.

J W Simmons vs R J Hassett *et al.*, Tyrrell. Smith & Strong and A M Moore for plaintiff, and Busbee & Busbee for defendants.

Jos W Simmons vs Joseph Cahoon, Tyrrell. Busbee & Busbee for plaintiff, and Smith & Strong for defendant.

The Court adjourned to meet this morning at the usual hour.

AN EXCELLENT CHANCE TO MAKE MONEY.—Mr. Geo. W. Atkinson, who resides on Swift Creek, eight miles south of Raleigh, offers for sale at a low figure his tract of land containing 135 acres, 40 of which is No. 1 bottom land, well ditched and in a good state of cultivation. A good saw and grist mill is on the land. This is a splendid opportunity for those wishing to invest. See his notice elsewhere.

THE FIELD CROP PREMIUMS.—There will be a meeting of the Committee on field crop premiums for 1873, at the office of the State Agricultural Society, in the Fisher building, third floor, front room, this evening, at 7:30 o'clock. A full and prompt attendance is desired.

We are glad to know that the proposition of Dr. Sears in regard to graded free schools in this city finds favor on every hand. A bill will soon be introduced in the Legislature amending the charter of the city, so that the Board of the City Commissioners may have the authority to levy the necessary tax to inaugurate such a system of schools

Complaints are made that persons are in the habit of depositing the carcasses of animals in the northeastern part of Eastern Ward. This is a direct infringement of a city ordinance, and the Mayor is determined to enforce the penalties against those violating its provisions.

After some debate, the yeas and nays were called on the motion to adjourn, and it prevailed by a vote of yeas 23, nays 7.

Adjourned.

On motion of Mr. Stanford the bill to raise revenue was taken up on its third reading and considered by sections.

Pending the consideration of amendments to section 4, schedule "B" the bill for

Pardon and Amnesty

was announced as the special order.

On motion of Mr. Brown, of Mecklenburg, the bill was postponed until Friday.

The consideration of the revenue bill was resumed.

Mr. Bowman offered the following proviso to section 11, schedule "B":

Provided, That no person shall be allowed a license to sell spirituous or malt liquors until he shall have proved to the satisfaction of the County Commissioners, that he is a man of good moral character, and shall give a bond with good security, justified by the oaths of the obligators, in the sum of $500, conditioned that he will maintain and preserve good order in the place where he proposes to sell, and that he will not give or sell any spirituous or malt liquors to any minor under the age of 21 years, except with the written consent of his parent or guardian.

Messrs. Bowman, Badger, and Williamson, colored, urged the passage of the proviso in remarks of length.

Pending a vote on the proviso the hour for the consideration of the

Coustitutional Amendments

arrived. The Senate bill to amend the Constitution so in to abolish the Code Commissioners was taken up and passed its second reading—yeas 99, nays 9.

On motion of Mr. Johnston the motion to reconsider the vote by which the bill to amend the Constitution in regard to abolishing the office of Superintendent of Public Works of North Carolina, failed to pass its second reading was put to a vote and adopted. The bill was then put on its second reading and passed by a vote of years 95, nays 14.

The bill to alter the Constitution in regard to exemptions was taken up and passed its second reading, yeas 100, nays 9.

Messrs. Abbott, col., Bryant, of Halifax, col., Bunn, col., Dudley, col., Goodwyn, Jones, of Northampton, col., King, col., Lloyd, col., and McLaurin, col., voted in the negative.

The bill to amend the Constitution in regard to taking the University from the control of the Board of Education and giving it to the Legislature' was taken up and passed its second reading—yeas 93, nays 13.

The bill to alter the Constitution in regard to the census was taken up and passed its second reading—yeas 100, nays 10.

The bill to alter the Constitution in regard to federal and other officeholders was taken up and passed its second reading—yeas 97, nays 13.

The bill to alter the Constitution providing for biennial sessions of the General Assembly, instead of annual as at present, was taken up and passed its second reading—yeas 99, nays 12.

The bill to alter the Constitution in regard to the public debt was taken up and failed to pass its third reading—yeas 72, nays 35.

The gentlemen who voted in the negative were Messrs. Abbott, Badger, Bean, Blythe, Bowe, Bowman, Bryant, of Pitt, Bryant, of Halifax, Bunn, Copeland, Corson, Cox, Dudley, Ellison, Fletcher, Foster, Gorman, Goodwyn, Gray, Guyther, Hampton, Heaton, Hughes, Jones, of Northampton, King, Lloyd, Lutterloh, McLaurin, Patrick, Paschall, Perry, of Wake, Reid, of Randolph, Rhodes, Sneed and Whisnant.

Mr. Bowman moved to reconsider the vote by which the bill failed, and asked to have the motion entered on the Journal.

Mr. Johnston moved to make the consideration of the motion the special order for to-morrow. He said that this body should speedily adjourn. The majority had classified these different amendments in order to facilitate their adoption and to meet the views of the minority. Now the Republicans are delaying business by throwing obstacles in the way of the passage of the bill they have voted for on two readings. He saw no use in this delay, and if the Republicans saw fit to take the responsibility of voting any of them down, let them do it, and take the responsibility of so doing, but do not trifle away so much time at so great a loss to the people.

Mr. Morrison said he would be compelled to support the motion, made by the gentleman from Buncombe, (Johnston,) to reconsider the vote by which the amendment failed on to-morrow at 12 o'clock. Republicans had voted for the amendments on the first and second readings, but now were unwilling to vote for them on the third reading. The gentleman from Wake, (Mr. Badger,) said in his written address, the other day, which elicited applause from all, that he would vote for these amendments, but to-day was found voting against them, thus making a fine show of *consistency!* He was in favor of getting through with the business and going home, and saw no reason why the gentlemen should desire to postpone the amendments till next week. There was a trick in it. Something behind the curtain, and he would vote for the motion to reconsider on to-morrow. If the Republicans were willing to shoulder the responsibility of killing these amendments, he was willing for them to do it, and do it at once.

Mr. Gudger said he was anxious for these amendments to pass. He saw no reason why they should be postponed. If gentlemen desired to postpone this matter until after the Amnesty Bill was acted upon, he hoped it would not be done. He said he had regarded the Amnesty Bill as unnecessary, and therefore had opposed it. Now, he would say, for the benefit of all who seem so deeply interested, he was prepared to vote for the Amnesty Bill. Upon that record he would return to his constituents, and gentlemen who oppose these amendments can do the same.

Messrs. Luckey and McGehee regarded these amendments as of paramount importance and hoped nothing would be done to endanger their passage.

Mr. Badger said he was a strong friend to nine of the amendments, and his vote in the negative on the amendment just voted down proved it.

Ellison, col., wanted more time for consideration. He wanted to see the "Amnesty bill" acted on first.

Williamson, col., took substantially the same ground.

Mr. Johnston said that it had come out that the Republican side intended to make these constitutional amendments dependent upon political measures.

If they intended to so trifle with the best interest of the State in order to gratify political animosity they were answerable to the people.

Mr. Johnston's motion to make the motion to reconsider special order for to morrow was voted down and the motion to reconsider, made by Mr. Bowman, was ordered to be entered on the Journal. Adjourned.

REVENGE IS SWEET.—If the late local of the defunct *Economist* read yesterday's NEWS, how his heart must have jumped for joy. Once we presumed to correct his Latin, we herewith humbly beg his pardon. A correspondent in the NEWS of yesterday headed his article, Festina Lente, when he appeared in print the compositor had made him say Jestina Sente. Old Elizabeth City fellow-sufferer, forgive us. (Both weep)

LET IT ADJOURN.

The ostrich with its head in the sand has not hitherto been esteemed remarkably wise or prudent, and the pilot who shuts his eyes and runs his ship on a rock has been supposed to evince rashness or incompetency rather than forethought or coolness. And yet, compared with the partisan action of the majority of our State Legislature, the ostrich is wise and the rash pilot brim full of sagacity. The Democrats seem to have resolved to ignore public opinion. They will find it is easy to resolve this, but it will not be so easy to give wide or lasting effect to the resolution. Any man can shut himself up in a cellar and resolve that he ignores sunshine; but the sun will continue to shine nevertheless. We repeat, what we hinted in our last, that the Legislature ought to adjourn. Let it do so at once.—*Elizabeth City Carolinian, (Radical.)*

The above attack on the Legislature is uncalled for and unjust.

The Conservatives of the present Legislature have exhibited less "partisan action" than any of their predecessors. Few measures have passed by a strict party vote, and in all questions affecting the welfare and prosperity of the State, the leading members of the Conservative party in both branches of Legislature have occupied high and patriotic ground, and have appealed to the Republicans to come to their assistance. Nor has this appeal passed altogether unheeded, as we will show in this article.

As an evidence of the fairness and impartiality of the Conservatives of the Legislature, we refer to the contested elections in the House, which afforded them a good opportunity of exercising "partisan action" if they had desired it.

It is true that in the case of Mabson, colored, from Edgecombe, the Conservatives in a body voted that he was not entitled to his seat, for the reason that he had not been a citizen for twelve months in Edgecombe county before the election in August.

At a Republican Convention held last Saturday in Edgecombe to nominate a candidate for the House of Representatives, to fill the vacancy caused by Mabson's ineligibility, Mabson was thrown overboard and Joseph Cobb, Esq., was nominated in his stead. This was an endorsement of the Conservative Legislature, inasmuch as Mabson had become entitled to representation in the meantime by virtue of a twelve months' residence in Edgecombe. His party declined to re-nominate him, although he plead martyrdom at the hands of the Conservative Legislature. Mabson was declared ineligible by a strict party vote, but it was the fault of the Republicans of the Legislature who, in supporting Mabson's claims, voted directly in face of the law.

But in the contested cases from Martin and Camden, the Conservatives voted in favor of Republicans in both instances. In the case of Martin county, J. Edwin Moore, Esq., a leading Conservative and one of the ablest and most useful members of the House, held the seat by virtue of the certificate of election, and if he was not entitled, the Conservatives had the power by postponing action in the case, to retain Moore and keep Mizzell out indefinitely, but the Committee on Privileges and Elections, composed of a large majority of Conservatives, reported unanimously in favor of Mizzell, the Republican contestant, and the House sustained the report. This was done in the absence of Mr. Moore, who has been detained at home since the recess by illness in his family.

In the case from Camden county, Col. Luke, Conservative, contested the seat of Jones, Republican, the sitting member, but the Committee on Privileges and Elections reported unanimously in favor of Jones, Republican, and their action was sustained by the Conservative members.

The remarks of Speaker Morehead on the adjournment of the Senate for recess, show the spirit which has manifested itself throughout the whole of the session by the Conservative party, and refute the unmerited and groundless charge of the *Carolinian*. In the course of his speech, Speaker Morehead said:

"It was to have been expected that something of the partisan spirit and prejudice, engendered by the political contests of the past summer and autumn would have been manifested here, but to the honor and credit of the Senate, be it said that its proceedings have been characterized by a total absence of political demonstration.

Your strict attention to Legislative duties, the very few efforts by Senators to manufacture party capital, and the manifest disposition of all parties to ignore everything tending to direct attention from the legitimate business of legislation, deserve the approbation of the whole people, and if your example shall be followed by your constituents, the time is not far distant, when an era of good feeling, of forgetfulness and oblivion of many of the causes which have unhappily divided the people of the Commonwealth will dawn upon us."

Such sentiments as these enforced in the speeches of the Conservatives in both Houses, have doubtless had weight in restraining party bitterness and strife. We were therefore prepared to see prominent members of the Republican party uniting with our party in passing the most important of the Constitutional Amendments, and refusing to heed the party lash which some of the more illiberal and narrow-minded of their own political faith attempted to crack over their heads.

We are not so blinded by party prejudice as not to be willing to approve of the course of our opponents when they show the independence and moral courage to act right. We therefore give credit to those Republicans of the Legislature who have voted for the Constitutional Amendments. The Republicans who voted against several Amendments were severely rebuked by Harris, colored, Senator from Wake, who deserves credit for some of his votes in favor of the Amendments. Harris, stated on the floor of the Senate that he was surprised and mortified at the course pursued by certain Republican Senators in voting against some of the Amendments. He said he believed that some of them would vote against the Ten Commandments if they were introduced by the Conservative party. It would therefore appear, that "partisan action" has not been confined to the Conservatives, but that the other side has been guilty of similar conduct, according to good Republican authority.

The *Carolinian* wants the Legislature to adjourn *at once.*

There are important measures now under consideration which demand action, and which the Legislature cannot pass over.

The Constitutional Amendments are being passed as rapidly as possible, and the delay in getting them through is entirely owing to the action of those few Republicans who will not vote for any of them, because they were introduced by the Conservatives.

The School Bill has not yet been perfected, and a Committee of Conference will probably be appointed from the two Houses to settle it.

The Immigration Bill has not yet passed, and will no doubt be materially amended.

The Constitutional Amendment relating to the State debt has passed the Senate, and also two readings in the House, but yesterday it was defeated by the Republicans. The proceedings will show by whom party spirit was manifested, and who are responsible for delay in getting this measure through.

The Revenue Bill is now under discussion in the House but will probably be passed this week.

There are various other matters of vital importance which must be disposed of before the Legislature can adjourn.

We think the Legislature, before it adjourns, ought to appoint a Commission to look into the affairs of the Western North Carolina Railroad, and, if the Road must be sold, to sell it for the benefit of the State. By preventing the sale under the decree in favor of Henry Clews and others, the Legislature will probably save one million of dollars, in the opinion of gentlemen who have good opportunities of knowing the value of the property advertised to be sold.

LET A COMMISSION BE APPOINTED.

Now that the Legislature has passed the resolution to appeal from the decree of the foreclosure and sale of the Western North Carolina Road, we think a Commission, composed of men of high character and stainless integrity should be appointed to look into the affairs of the Road, and be empowered to dispose of it on the best possible terms, if after an investigation its sale be deemed necessary.

[From the Charlotte Democrat.

Amnesty, &c.

Congress has removed the disabilities of Hon. W. N H. Smith, Hon. Burton Craige and Samuel A Ashe, of North Carolina. Let the good work go on, but do not exclude any from spite, revenge or old party hatred, either by Congress or by the Legislature of North Carolina. Let us strive to establish peace again among neighbors in every town, city, village, county and State. We are for peace and good feeling and opposed to keeping any man banned in any form or manner. Time will prove and show that we are right, as in the past (so in the future) we are willing to wait for an endorsement of the positions we have taken on public affairs. If we are right the "sober-second thought" of the people will say so at some time; but if we are wrong, events and occurrences will show it. We are willing to watch and wait, but after that we shall have more to say, even if it is ten years from this time.

The Amnesty Bill—pardoning Ku Klux, Loyal Leaguers, &c., &c.,—still remain on the calendar, and comes up this week for action. If the Legislature will make the amnesty general and leave no white man banned or deprived of his rights, we are in favor of it—not without. As we have never yet occupied a neutral position on any public question, and as our friends of the Raleigh NEWS are publishing a record of what papers of this State say on the subject of amnesty, we wish to be understood according to the above statement.

[From the Fayettevill Eagle.

AMNESTY.—The Legislature has acted with appropriate wisdom in offering a law of general amnesty. Persecution has gone to far, and none but mean men want it continued. We are glad of this act of amnesty and pardon under state law for all league and ku klux charges.

It is indeed a long step in the right direction. Let corrupt and despotic men and vindictive and carpet-bag office-holders still labor to oppress the people. But let our noble and honest champions of true conservatism work all the time for the people's rights and liberties

From the Newbern Republic (Radical.)

The Amnesty.

We are surprised that the *Era* should open its colums to communications containing such sentiments as the following:

"The moral of this act is, that, in the eyes of the Democratic party, whoever kills a Republican does God's service. Laws and punishments are only for the Radicals. Remember this Republicans, and henceforth see to it that outrages of all kinds are revenged upon the instant; see to it that justice is not cheated out of her victims because they belong to an aristocracy of "wealth and intelligence!" Let blood atone for blood. We have no rights—let us respect none."

We have repeatedly stated that we are opposed to the Act in question, that we want to see the guilty punished, but God forbid that we should so far forget ourselves as to advocate "lynch law" in any form for the redress of such, or any other wrongs. We hope to see no more such publications as the above. Such a course is against public policy, and every State interest worth contending for. It places us in a wrong light before the world and calls down upon us a prejudice which is greatly to our injury and which we do not in any way deserve.

[From the Newbern Republic, (Rad.)

"NO TAX RECEIPT, NO VOTE."—This is the title of an editorial emanating from the Raleigh NEWS. Several of our State exchanges have copied the editorial in question, and commented thereon. We want a word in on this subject. "*Them's our sentiments,*" and we are ready to join hands with the NEWS in advocating such legislation as is necessary to accomplish this end. We have had too much experience in the collection of taxes to be driven from this position. It is firmly grounded within us, and we realize the justice and equity of the measure, and shall support it with pleasure. We believe that every citizen should join in the support of the government according to his or her interest therein. We have no fears, politically, for the measure; we are are prepared to advocate any such reform, looking to the best interests of the State, and calculated to distribute the burdens of taxation, where they rightfully belong.

Where is Nast's pencil? He could caricature Mr. Greeley; he could picture Tweed and the ring to death, but the perjured villains with pious look and saintly expressions who eclipse all in their wholesale bribes and robberies through the Credit Mobilier are sadly neglected. If Harper's Weekly as it professed during the late political campaign, opened its picture book for the good of the country, we cannot fully understand why it does not do the same just now. There certainly is opportunity enough.

The almost universal testimony of those who have used the

is, that there is an entire absence of Headaches, and other disagreeable after-effects so often experienced in the use of other brands. This is a direct consequence of the

Purity of the Century Whiskies,

and the impurity of many other brands. They are ABSOLUTELY PURE; four prominent chemists certify to this fact, viz:

GUANO! GUANO!! GUANO!!!

BUY THE BEST

SOLUBLE SEA ISLAND GUANO!

State Fair Premium at Wilmington for the Largest Amount of Cotton to an Acre.

GOLDSBORO, Wayne County, N. C., November 23rd, 1872.

JOHN H. POWELL, Esq.:
DEAR SIR—The Soluble Sea Island Guano purchased of you this season was used by the side of three others, and has given me more satisfaction than any of the others. The Soluble Sea Island Guano was the one used upon the acre of land upon which my son raised the cotton upon which he took his State premium for the greatest amount of cotton to an acre; and I am informed by the Chairman of the Committee that had he entered for the largest amount of cotton to the acre, premiums open to all ages, he would have also taken that premium, beating all 150 lbs. I am better pleased with it than any other Guano I have ever used on cotton, and I shall use it in preference to others next season for my cotton crop.
T. A. GRANGER.

ALSO EIGHT PREMIUMS AT WAYNE COUNTY FAIR.

The Amount of Seed Cotton made on an Acre of Upland by Mr. Granger was Three Thousand Six Hundred and Thirty-three Pounds.

EDGECOMBE COUNTY, N. C., December 12th, 1872.

Messrs. R. W. L. RAISIN & Co., Baltimore:
I bought of Messrs. Branch, Herbert & Co., last Spring, one ton of your Soluble Sea Island Guano for myself and three tons for other parties, and I find them all well pleased with it, and say it is the best Guano, and paid them better than any they ever used. The ton I used myself was put in cotton by the side of two other guanos, and I am willing to say that I should buy the Soluble Sea Island Guano in preference to any that I have used since the war. Very respectfully,
J. R. GREEN.

SELMA, N. C., November 12th, 1872.

W. H. AVERA, Esq.:
DEAR SIR—The ten bags Soluble Sea Island Guano more than met my expectations I consider it equal to Peruvian for cotton. It paid me over 100 per cent. I more than doubled the crop. My neighbors who bought it are highly pleased, and will use it in preference to any other when it can be had. Hope you will keep a supply the coming Spring.
Truly yours, R. HARE.

LOUISBURG, N. C., December 4th, 1872.

E. W. FULLER, Esq.:
DEAR SIR—I tested your Guano this year, and the result is, I will use it on my whole cotton crop next year. Yours, &c.,
ELLIS MALONE.

HENDERSON, Granville County, N. C., November 29th, 1872.

To S. J. PARHAM:
The Soluble Sea Island Guano purchased of you was used on tobacco and cotton by me by the side of Peruvian Guano, Stonewall & * * * *. I like it much better than either, and I observed a marked difference in favor of the Sea Island. Shall use in the future. S. S. ROYSTER.

HENDERSON, Granville county.

HENRY BURRELL, Esq., has stated to us that he made a test this present year's tobacco crop, using two other higher-priced guanos, but is convinced that the Soluble Sea Island Guano is the cheapest guano he has ever purchased, and shall use it again.

YANCEYVILLE Caswell County, N. C. December 6th, 1872.

Captain W. P. ROBINSON,
DEAR SIR—In reply to your inquiry as to how I liked the Sea Island Guano I got of you, I wish to say that I applied it, 200 pounds to the acre, alongside of Peruvian, Pacific Guano and Gilham's Tobacco Fertilizer in equal quantities; it stands the drouth better than either of the above fertilizers. It matured better on the hill and cured better and more yellow than either of the other fertilizers used. I think it is a splendid fertilizer and I expect to use it next season. Yours, respectfully,
MARCELLUS MIMMS.

WILSON, N. C., January 11th, 1873.

Messrs. HARRISS & BLACKWELL:
GENTS—I used this season, on my cotton crops about 15 tons of your Soluble Sea Island Guano, testing it by the side of Guanape and Vegitator, and up to the time of the heavy washing rains last of June, I was equally pleased with its action as of the Guanape and better pleased than with the Vegitator.

The Raleigh Daily News.

WEDNESDAY.....FEBRUARY 19, 1873.

NORTH CAROLINA.

The big railroad meeting comes off at Snow Hill on the last Friday, in this month.

Mr. Hinkney Hall, of Reedsville, died in that place on Saturday, as we learn from the *Record*.

The skating rink fever has at last made its appearance in Asheville. Better late than never.

Mr. James Curtis, of Masonboro, died very suddenly at his residence on the Sound, on Friday afternoon.

The Asheville *Citizen* says several new business houses will be erected in that town during the Spring.

The Asheville *Citizen* says $50 counterfeit legal tender notes are in circulation in this State and South Carolina.

Newbern is about to reach the acme of its ambition. The sluce hold is to be mended and a brand organized.

Spence Whitley, Jr., colored, cut his foot on Tuesday evening and bled to death, at Ford's Mill, near Smithfield.

Spring term of Wilson Superior Court will commence on Monday next. That for Wayne county three weeks from to day.

The Asheville *Citizen* says Mr. Squires, of that town, was thrown out of his handsome new buggy by a runaway horse last Monday and slightly bruised about the forehead.

The Goldsboro *Messenger* says Robt. Worsell and wife have brought suit against C. Harris, for damages sustained by Mrs. Worsell while riding on Harris' hack from Selma to Smithfield.

The *Southern Home* says: We are sorry to learn that Mr. Rufus Johnston, near Davidson College, has died of the wound inflicted on himself some weeks ago by the accidental discharge of his gun, while crossing a fence.

From the Witmington *Journal* of the 15th instant, we learn that a destructive fire occurred at Red Banks, Robeson county, on the afternoon of Wednesday of last week. The residence of Mr. E. S. Paul was entirely consumed. The loss is heavy and the insurance amounts only to $1,500.

The Charlotte *Democrat* says: A negro named Rumple was stabbed and killed on Saturday afternoon last, in a drunken affray, at a liquor shop just outside the corporate limits. It is charged that a white man named Joseph Baker committed the deed, and he has been put in jail for examination.

Says the Wilmington *Star* of the 16th inst: A white man, whose name we were unable to ascertain, narrowly escaped drowning yesterday afternoon. He was in a small boat engaged in fastening a rope to a flat, which was being towed by one of the steam tugs, when he accidentally slipped and fell into the river. The steamer was stopped and after some difficulty the man was rescued.

Deputy Collector John Jones was fired on from an ambush in Watauga county on the 3rd inst. The shot struck his horse which fell and Jones, who was unhurt, made his escape. So says the Asheville *Pioneer*, and in *that* connection that paper reminds "our people that two weeks ago our Legislature passed a Ku Klux Amnesty Bill." Mistaken Mr. *Pioneer*. The Amnesty Bill has not yet passed the House.

The Reidsville *Record* says: Mr. "Peter Penn passed through our village last week en route for Montgomery, Alabama; where it is said he proposes to regain the lost rib; a young widow whose married life only lasted three weeks fills the bill. We learn from our Greensboro exchanges that Messrs. J. N. Staples, and Eugene Morehead went along to see the job done after the most approved style."

The Western *Expositor* says: We take pleasure in announcing the arrival, in this place, of our distinguished fellow citizen, ex-Governor Z. B. Vance. Western North Carolina can boast the nativity of many sons of whom the whole State is proud, but she has given the country no one who enjoys more of the confidence and love of our people than does her favorite "Zeb."

The Charlotte *Democrat* says: Mr. Locke Gibson, showed us last week a specimen of oil made from the root of the sassafras tree. The manufactory is in Davidson county, and Finch & Brother are the Agents at Lexington, N. C. The oil is very clear and has a pleasant taste. It sells for seventy-five cents per pound—about $5.50 per gallon—and is purchased by the fancy soap manufacturers at the North.

Alluding to the bill introduced in the United States Senate by Senator Ransom, asking for $50,000 to build a Post Office, Circuit Court Room, &c., the *Western Expositor* says: "We are glad to hear from Washington that the Senate has under consideration an appropriation to build a post office in this place. We hope it will pass. Asheville is sadly in need of something of the sort, as it is the distributing office of some ten or twelve counties."

Says the Wilmington *Journal* of the 16th inst: "A young man from Black river, in this county, whose name we could not ascertain, accidentally shot himself in the right hand, with a pistol, at Thornton's cart house, in this city, on Friday night. He went yesterday to the Medical College on Third street, where the wound was carefully dressed. The ball entered the palm of the hand and ranged upwards, coming out at the wrist. With proper care the hand will be saved.

The Asheville *Citizen* says: General J. G. Martin, Col. Thad. Coleman and W. D. Rankin, Esq., met on Wednesday as a court of reference to decide upon some suits brought by certain contractors against the Western Division of the Western Road. Messrs. A. T. & T. F. Davidson, and Woodfin and McLoud appeared for the Western road, Messrs. J. H. Merrimon and Gov. Vance for the contractors. The defendants gave notice of a motion to set aside the order of reference. Some sixteen or eighteen thousand dollars are involved in this suit. The court had not rendered any decision as to the motion up to this writing.

Edward Carswell lectured in Kinston on Monday evening.

Messrs. H. Schenk & Son have purchased a site in Cleaveland county and will soon erect a large cotton factory on it, as we learn from the Charlotte *Observer*.

The Ice Company in Charlotte made a report on the subject of manufacturing ice in Charlotte, which was satisfactory to Capt. Brain, the manufacturer. The Petersburg *Appeal*, referring to an article in the *Observer* on the ice subject, says:

"We understood more things about ice machines from Capt. Brain a few months since, than one could shake a stick at. We set him down as the great American ice maker! A champion freezist! A mammoth refrigerator! An antarctic fraud! The *coolest* character of adventurers. It gives us a first class chill to contemplate him! We imagined ourself in an ice-house whenever we conversed with him. The fact is, Brain is 'a big thing on ice.' His devotion to it is equal to that of a polar bear. Still, nevertheless and notwithstanding, as to the matter of his production of the article, in the language of our friend John Geems, 'we have'nt saw it.'"

The *Charlotte Democrat* says: We are pleased to know that the Assay Office at Charlotte is to be continued. On the 6th and 7th inst., Congress passed a bill consolidating all the laws relative to Mints and Coinage, making several important amendments and declaring what Mints and Assay Offices should be kept in operation. This bill spares Charlotte, while it abolishes its twin sisters, Dahlonega and New Orleans, but it classes Charlotte as an Assay Office, which has been its status since the war.

Congress, by this act, has repealed an act passed in 1866 authorizing the sale of our Branch Mint, and seems to have abandoned a policy which, at one time, threatened to swallow up and destroy this old and cherished institution.

Now that the danger of its sale is over, and as our desire of having it fully restored and made a Mint of Coinage, as of old, is at least postponed, we hope for the next best thing, which is that the Secretary of the Treasury will make an ample coin deposit with the Assayer to pay out to depositors as soon as the value of their deposits is known, thus in a great measure supplying the place of a Mint of Coinage.

HONORS TO A SOUTHERNER.—No American has ever received as many honors as the late Commodore Maury. France has presented to him a gold medal and the Cross of Commander of the Legion of Honor; Russia nominated him Chevaliar of the Order of St. Ann; Prussia sent him the Grand Medal of Science, to which was added at the request of Humboldt, the Medal of Cosmos; Austria give him the Grand Medal of Sciences; Denmark appointed him Chevalier of the Royal Order of Denmark; Norway and Sweden sent him a silver medal stamped to his honor; Belgium and Portugal sent him decorations. The merchants of New York at one time gave him a silver-set and $5,000 in cash for his improvements in the science of Navigation. We feel the more proud of these honors inasmuch as they were tributes to science—a department which has never been a speciality with Southern men.

SYMPTOMS.—Slight pain in the side, the skin and eye assume a thick yellow coat, digestion is impaired, an unpleasant sinking sensation at the pit of the stomach is experienced, the bowels are irregular, the mind fretful, the memory weakened, sometimes a slight cough, coldness of the hands and feet, sometimes loss of appetite, and at others unnatural craving for food, dizziness of the head, depressed spirits, feeling of having left something undone, but can't tell what it is. Take SIMMON'S LIVER REGULATOR, it will remove unpleasant feels and make you well. 1w.

THREE KINDS OF MEN.—A clever author says there are three kinds of men in the world. "The *Wills*, the *Wonts*, and the *Cants*." The first effect everything, the second oppose everything, and the last fail in everything. "*I will*" builds our railroads and steamboats; "*I wont*" don't believe in experiment and nonsense. While "I cant' grows weeds for wheat, and commonly ends his days in the court of bankruptcy.

Tweed stole half a million from the city of N. Y., and the Democrats kicked him out of the party at once. The chiefs of the Republican party, including two Vice Presidents, the most saintly U. S. Senators and Congressmen, have stolen from the people of the nation in Credit Mobilier dividends over two hundred millions and not a Republican paper in this right and scarcely one in all the country has uttered a word of censure.

The amendment in bankruptcy, approved by the President, about which we had a telegram Saturday, is not that which people thought it was. A Washington letter says:

"The announcement that the President has approved the 'act to amend an act to establish a uniform system of bankruptcy' may lead to some misapprehension in the absence of an explanation that the bill applies only to certain insurance companies in Boston, whose losses by the fire of last fall would have forced them into bankruptcy but for the relief afforded by this amendment."

Bayard Taylor, writing from Gotha, Germany, pays a feeling and a handsome tribute to the memory of Horace Greeley. He quotes from a letter written by Mr. Greeley to him on the 18th of last August: "I feel sure that while my election would pacify the country, as it should be pacified, my nomination and canvass, even though unsuccessful, tends to the same end." Time has done much to verify this perdiction, as it has much to verify the sagacity and patriotism of him who made it.

SPECIAL NOTICES.

DR. TUTT'S EXPECTORANT.—The properties of this elegant preparation are demulcent, nutritive, balsamic, healing and soothing. It braces the nervous system and produces pleasant and refreshing sleep. It exhilarates and relieves gloominess and depression. It is the most valuable Lung Balsam ever offered to sufferers from Pulmonary diseases.

PERRYVILLE, ALA., March 3, 1869.

Dr. W. H. Tutt:

Dear Sir—For fifteen years I have been afflicted with Asthma. My suffering has been intense. I have been unable to lay down for a week at a time. It seemed as if I would choke. I coughed incessantly, and my wheezing could be heard all over the house. I had despaired of ever getting well, but thanks to your invaluable Expectorant, my attacks are seldom. I can now rest well at night. I believe it will make a permanent cure. Truly yours,
ARTHUR F. MCCOY.

Tetter, Salt Rheum and all Skin Diseases cured by Dr. Pierce's Golden Medical Discovery.

THE PEOPLE'S STAMP OF VALUE.—The Government indorsement, which legalizes the sale of PLANTATION BITTERS, is not the only stamp affixed to that famous Vegetable Tonic. It bears, in addition to that official sanction, the still more valuable stamp of public approbation. This inestimable voucher of its rare properties as a Tonic, Corrective and Alterative, is of much earlier date than the Government credential; for millions of sick persons had pronounced it the Grand Specific of the Age long before Congress thought of taxing proprietary medicines. It is unnecessary to repeat, in detail, the properties of this wonderful Vegetable Invigorant. The best reference that can be offered to those who desire the full particulars of its virtues, is the General Public. Ask those who have tried it as a remedy for dyspepsia, constipation, billiousness, intermittent fevers, nervous debility, rheumatism, sea sickness, low spirits or vital power, which Plantation Bitters has done for them, and be governed by the response they make to your inquiries

BECKWITH'S ANTI-DYSPEPTIC PILLS. The Hon. James Iredell, late Governor of North Carolina, made the following statement with regard to Beckwith's Pills:

"Dr. Beckwith's Anti-Dyspeptic Pills have been a stable my family—which is a large one—with the most beneficial effects. A number of my friends who have been afflicted with dyspepsia and other disorders of the stomach, have spoken to me in strong terms of the relief they experienced from this remedy. Without the evidence I have received from others, my intimate knowledge of the professional and private character of Doctor Beckwith for the last twenty years, justifies me in declaring that he would give no assurances of facts of his own experience, or of professional deductions, of which he was not perfectly confident, in which the public might not safely rely. JAS. IREDELL."

Prepared solely by the proprietor, E. R. BECKWITH, successor to Dr. Beckwith, Petersburg, Va., and for sale, at the reduced price of 25 cents per box, by all druggists.

Whether your complaint be dyspepsia, billousness, nervous weakness, constitutional debility, or any other trouble, Vinegar Bitters will revive and renovate your shattered system, as a genial rain refreshes the withered flowers.

This is strictly a

HOME LIFE COMPANY.

Its Officers and Directors are citizens of the State, of high character for business capacity, enterprise and probity. It offers every

SUBSTANTIAL BENEFIT

that Northern Companies do, with the great additional consideration that the capital is kept within the State, and, therefore, helps to build up and foster Home Institutions.

Another important fact to be considered is, that the Wilmington Life has thus far obtained A VERY MUCH LARGER INTEREST for the money invested at home, than any of the New York Companies receive for their investments, according to their sworn statements before the Commissioner of that State.

These unquestionable facts should commend this Company, above all others, to our people. Let it be born in mind that millions of dollars received for Life premiums have been sent North since the war, which at once drains the South and enriches the plethoric capitalists of the North. If there was no other consideration, safety, fairness and cheapness being equal, why North Carolinians should INSURE AT HOME. this were more than sufficient.

THE WILMINGTON LIFE

THE CONNECTICUT MUTUAL

LIFE INSURANCE CO.,

OF HARTFORD, CONN.,

Annual Income, Nearly

$10,000,000.00!!!

This Company has steadily pursued two great practical ends:

FIRST.

To place its policies beyond the power of adverse contingencies.

SECOND.

To reduce the actual outlay of its members for their policies to the lowest possible rate. To accomplish this, it allows him to retain from 20 to 30 per cent. of the first premium as a permanent credit or loan, and to retain from each subsequent premium that portion of the previous year's full premium actually proved to be surplus; so that at no time does the Company take from him a higher actual premium than is needed to carry the risk for the year, and provide the reinsurance fund. It is strictly Mutual. Nothing is diverted to stockholders, and each member has his insurance at its exact cost to the Company. Its rate of expense has been from the beginning less than that of other companies.

TELEGRAPHIC NEWS.

NOON DISPATCHES.

New York Affairs.

NEW YORK, Feb. 18.—Archbishop McCloskey has appointed Rev. Father Preston, of St. Ann's Vicar General in place of the late Father Starrs.

Several creditors of Bowles & Bro.'s state that claims in this country against the firm amount to over three hundred thousand dollars. The Japanese claim is said to be as much as sixty thousand dollars. It is claimed that Nathan Appleton, whose property at Newport, Rhode Island, has been attached in the interest of the Japanese, is liable as a partner and beyond what can be realized from this estate little is expected by the creditors.

In addition to the vessel "American Cruiser," which has already been reported as probably lost, it is stated that two other ships, the "Lincoln and Stirling Castle," both British, have probably met the same fate. The "Stirling Castle" sailed from New York on December 10th for London. She had a crew of 36 men. The "Lincoln" sailed on December 11th and had a crew of twenty-three men.

Georgia Legislature.

ATLANTA, Feb. 18.—The Legislature has taken no action on the bond compromise, and will adjourn *sine die* to morrow night.

Robert P. Trippe was confirmed Judge of the Supreme Court.

Pulliman Palace cars commence running to-day from Lynchburg to New Orleans without change by the Kennesaw route via Mobile, Montgomery and Atlanta, hence by the Western and Atlantic Railroad to Dalton, Lynchburg and Washington.

Fatal Railroad Accident.

YONKERS, N. Y., Feb. 18—9.35 A. M.—The engine of the Yonker's special train broke loose from the train and ran as far as Hastings, running into the down train, making a complete wreck of the cars and killing several passengers. It appears that the lever of the engine broke and the engineer was unable to stop the engine. The wounded are being removed to the hospital at Yonkers.

Heavy Rains in Virginia.

RICHMOND, VA., Feb. 18.—Heavy rains are reported from all sections of the State during the past two days, and heavy landslides on several railroads, causing detention of trains. The river at Lynchburg is about fourteen feet above the usual level. At this point it is about ten feet, which will be greatly increased by the flood from above.

Washington News.

WASHINGTON, Feb. 18.—The Senate Committee on Privileges and Elections assembled at 11 o'clock and are now (1 o'clock,) still in session. The members who came out for necessary purposes refused to answer questions.

Congress, unimportant.

Railroad Accident.

PHILADELPHIA, February 18.—The Brighton train collided with a wagon containing a driver and a lad. Both persons were terribly mangled.

MIDNIGHT DISPATCHES.

CARSWELL THE TEMPERANCE LECTUREER IN NEWBERN.

[Special to the News.]

NEWBERN, Feb. 18.—Edward Carswell, the Canadian temperance lecturer, addressed an immense audience at the Theatre to-night. R.

Congressional.

WASHINGTON, Feb. 18.—HOUSE.—In the House to day, Poland, of Vermont, Chairman of the Credit Mobilier Committee, made a long report, reciting in detail all the facts in evidence as against each one of the members implicated. The Speaker was entirely exculpated from all connection with the matter, he having declined to take any interest in the Credit Mobilier stock. In regard to Danes, Garfield, Kelly, Bingham and Schofield, the facts in each case are stated with more or less severity, on their action, and commending to the considerarion of members approached under like circumstances the letter of the venerable Senator Bayard, of Delaware, declining to take a pecuniary interest in any matter that might come before him as a legislator. In regard to Ames and Brooks their conduct is severely reprobated, and resolutions of expulsion in reference to each of them is reported to the House.

The report having been read, farther action on it was postponed till Tuesday next.

In regard to the Senators involved, the report states that the evidence implicating them has been sent to the Senate for its action.

After Thursday next it will be impossible to get any bill through the House which cannot command the majority of two thirds, because from then till the end of the session motions to suspend the rules are in order, and can be made as against any pending matter, and the time can be consumed in calling the yeas and nays on such motions. This may be important as applying to any legislation that may be attempted for Louisiana or any other matter that has not a clear two-thirds majority in its favor.

SENATE.—Mr. Sawyer, from the Committee on Education and Labor, reported, with amendments, Mr. Lewis' bill for the promotion of education in the Southern States. As amended, the bill provides for distribution of two million dollars to Delaware, Maryland, Virginia, West Virginia, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Texas, Arkansas, Missouri, Kentucky, Tennessee and District of Columbia, in a ratio of their population, for the education of children from 6 to 16 years old, irrespective of color or condition.

Mr. Spencer introduced a bill providing a Circuit Court for Alabama.

House bill declaring that the exemptions allowed by the bankrupt law shall be the amounts allowed by the Constitution and laws of each State in 1871, and that such exemptions be valid against debts contracted before the adoption of such State Constitutions as well as to those contracted afterwards, and against liens by judgment or decree of any State or county, was taken up and passed.

Many private bills passed.

House bill giving reporting debates to Murtagh, of the *Republican*, failed by a vote of 64 to 72. This continues the printing with the *Globe*.

House went into the Committee on Whole on Credit Mobilier. The report covers six columns.

Washington Affairs.

WASHINGTON, Feb. 18.—Boutwell has not resigned.

Hon. Francis W. Sykes, of Alabama, will, this week, present his credentials to the Senate as Senator from Alabama, for the term commencing on the fourth of March, accompained by a memorial setting forth the grounds of his claim. He is attended by his counsel. E. A. O'neal and Gen. John T. Morgan, Mr. Sykes was elected by what is known as the Capitol Legislature. The points to be presented involve the legality of both the bodies claiming to be the Legislature of the State.

A full Cabinet meeting to-day.

The Claims Committee agreed to allow Mrs. David Green $75,000 for her husband's patents; she claimed $250,000.

Dovid D. Smith has been nominated supervising Inspector General of steamboats.

The majority of the Committee on Privileges and Elections will, it is understood, report in favor of a new election in Louisiana.

There will be two minority reports, one sustaining McEnery as Governor of that State, and admitting McMillan Senator; the other sustaining Kellogg as Governor of Lousiana, and admitting Roy to the Senate. This is the present condition of the Committee, although they may be before making their report unanimous to recommend a new election in Louisiana.

Spanish Affairs.

MADRID, Feb. 18.—The *Official Gazette* will, on Thursday next, contain a proclamation offering amnesty to the Carlists now in insurrection in the northern Provinces, if they will, within two weeks, lay down their arms and submit to the authority of the Government. If the insurgents refuse to accept the offer, they will be energetically pursued, and decisive measures will be adopted by the Government for the suppression of the insurrection.

The question of sending Representatives to the South American Republics is under consideration by the Government.
